

# Kick-Off for Kyana!

2018 Summer Kick-Off Party Benefiting Kyana Jackson

Donnie Jackson's 37 year-old daughter, Kyana, recently suffered a series of strokes that left her with very little movement from the neck down. Her mind is still sharp and she can still hear and communicate with her eyes. Kyana spent much of her childhood here at Harper's and was one of our top junior players, having played Division I college tennis. Kyana's condition is called Locked-in Syndrome and it is extremely rare. Donnie has been with The Club at Harper's Point for 29 years and has made a large impact in so many lives. Come on out for a fantastic event to help us raise money for one of our own. We hope to see you on June 9th!

## June 9th

**Members and Non-members welcome!**

*Events include...*

**Tennis Boot Camp: 9:00-11:00am**

- \$35 members/\$40 non-members
