COVID Precautions:

Camp will predominately take place outside. The kids will be placed in small groups for the week and have the same one or two counselors. Children will be required to wear a mask any time they are not able to properly social distance. Hand sanitizer stations are located throughout the property and temperature checks will be required upon check-in each day. If a child has a temperature of 100.4 or higher he or she will be sent home with their parent/guardian.

Check-In Procedures:

A parent/guardian must be present each morning at check-in. Check-in will take place on the front steps of The Club where a counselor will meet the kids and take their temperature. After their temperature is taken, they will be given hand sanitizer, sent inside through the building, and directed to our outdoor facility. If your child wishes to be in the same group with another person, please indicate that at check-in. Please notify the counselor upon check-in if your child has any allergies or if you have any concerns. Two documents will be required before your child can attend camp.

1. The registration form located on the back
2. A signed COVID release form (available at check-in)
